

CHANGE

Stage 1

Our Promise
To You

Support Along Your Journey

We understand that stepping into the world of online business can be challenging. Therefore Change and its founders are committed to supporting you every step of your way. All of our members benefit from calling on the extensive experience the Change team have developed over the years. Access to this support is based on your membership level. Still, we guarantee all members will have all the support they need to succeed. We also offer several ways to reach our founders, regardless of membership level. We also guarantee that our support is personal, with no bots or automated responses. We also aim to provide you with concise feedback to leverage your time effectively.

Inner Circle Support

Our Inner Circle members benefit from exclusive support in the form of Inner Circle Groups. All of our founders and marketing consultants are active in the chat, providing support for any issues you may encounter along your journey. It also offers the opportunity to talk to other members who could provide advice on your development. Inner Circle members also benefit from having the chance to have 1-to-1 meetups. Our founders will meet you in person, allowing you to get to know them personally. They can provide unique insight into the world of online business and give you advice based on their extensive experience.

Events and Retreats

One of the most exciting parts about being a member of Change is the opportunity to go to events which are regularly held throughout the year. Our events are attended by founders and other members of the Change team. This is a great networking opportunity and gives members a chance to discuss successful strategies and celebrate success. It supports the exchange of information and provides insight into the latest developments within the online business world. Change also hosts exclusive paid for retreats for select members. Attendees fly out to exclusive locations to network and develop new ideas and strategies, allowing for business and personal development.

Regularly Scheduled Webinars

A great feature of the Change system is our regularly scheduled webinars. Covering a wide range of topics, the webinars have been set up to keep you up to date with the latest developments within the industry and provide opportunities for asking questions and getting instant feedback from the Change team. If you miss a webinar, don't panic, every webinar that we do will be available to watch on demand on the website whenever you want. Webinars are open to all members despite what level of access you have. However, we do offer exclusive webinars for Inner Circle members.

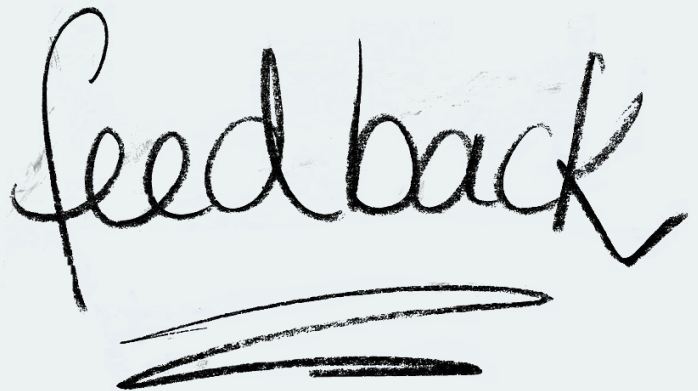

Zoom Meetings

Zoom meetings are a great tool to chat online without meeting up. They provide a personal touch despite the distance. We leverage this tool at Change to deliver quality support and provide advice on a 1-to-1 basis to our members. Our members can set a dedicated meeting to discuss any issues or help them build a strategy to support their success. We've had some great feedback from our Zoom meetings, and we love getting to know our members. You can book a call anytime through the Change website.

Updates and Feedback

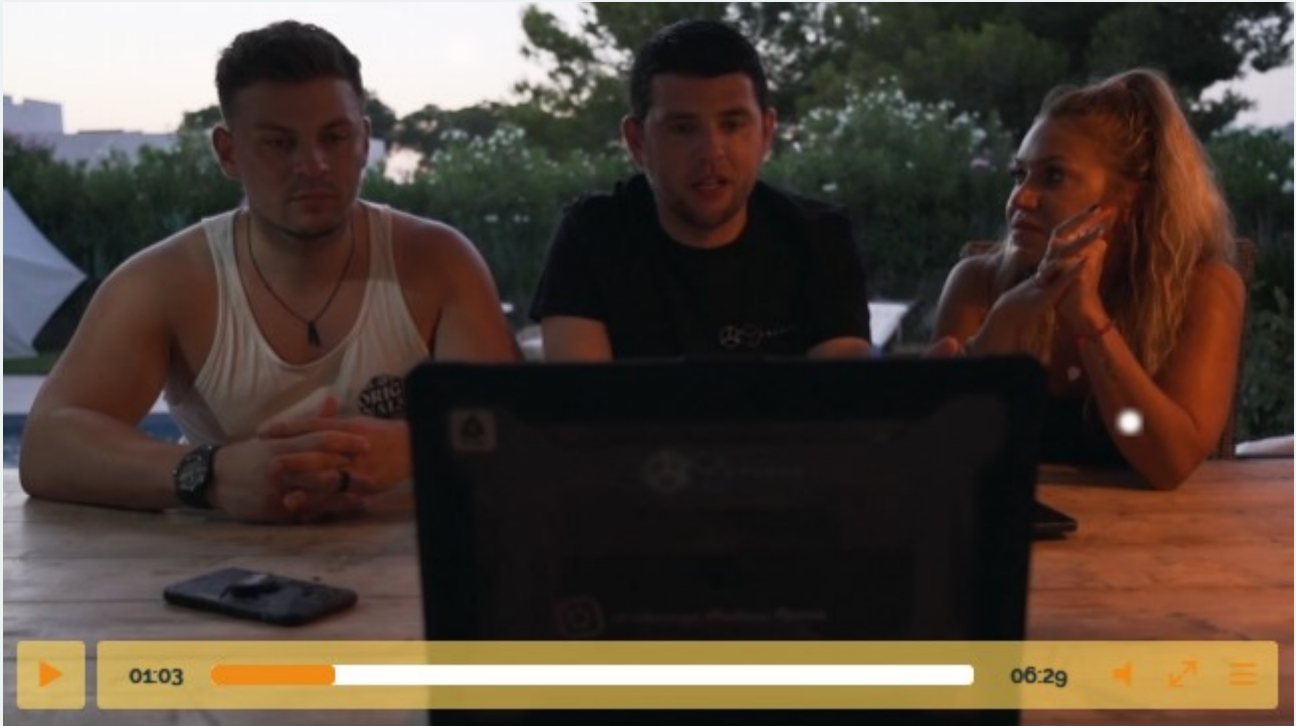

We compare progressing through Change to a journey. Our system is designed for you to continually develop and learn new things. We also ask our members to understand that Change is also on its own journey. We are constantly providing new information, new updates, releasing new tools and devising new strategies to drive your success. We also ask that you provide feedback whenever you can. We value clear and concise feedback as it has very much shaped the Change system since its inception and will continue to do so moving forward. We have dedicated channels on our website to submit feedback, whether it concerns the website's features or any of its content.

Communication, Support and Feedback

In this E-Book, we have outlined our promises to you. We want all our members to be successful and do all we can to provide you with the necessary support to reach your goals.

Change's E-Books are designed to accompany an extensive library of videos and articles that our founders, business consultants and members have curated to equip you with everything you need to succeed. Please click on the image below to watch the relevant video and learn more.

Feel free to get in touch

We thrive on feedback. If there is anything you think we should include in our videos, articles and other online resources, please let us know. If there is anything you find you need further information on, get in touch with us or feel free to network with other members.
